Dear Jim,

9/14/73

Just a line (welcome I know) to say I'm safe-&-thankful. We made that be probably [illegible] by my friend with the dirty laugh. The [illegible] report, [illegible] that the [illegible] may be closed upon. They are not but they can be [illegible] be sent to me.

It also said that Thomas was out of his mind. Used to worry me, now I [illegible] do with him. [illegible] brother died not from drinking but from [illegible] which he was [illegible] with friend was killed.

Even my not on Monday part of my mind was on the weekend and all [illegible]. I should have put aside that I go over the draft of your Thomas [illegible] you have it on paper. If you then like me to [illegible] I'll then complete working out [illegible] back to you. I agree in fact I do [illegible].

Our more plans for being in Washington are the 6 and 7. Both days we can [illegible] a.m. appointments at 9, the Library at 2, the Senate at 11.

I may be in earlier but I am not sure of such plan. I also have no plans for [illegible] for lunch such as Biker, for grocery shopping except that I will be busy for a meal Wednesday morning and in Princeton but not here.

[illegible] Barry Goldwater [illegible] Friday, be your guide, sweet will become [illegible] would undoubtedly prefer not to be called [illegible] and arrested and [illegible] may need help in getting out of a church [illegible]. Then why not you and [illegible] my days in them. [illegible] the first name [illegible] you say [illegible] to make them and this. It would [illegible] to be able to [illegible] to everybody as [illegible] possible to [illegible] co-bloc [illegible] procedure. I'll write, for all.

The copy of the Foreman letter, air of today, has not come. So, I won't thank you [illegible] you said I would.

Barry reminds me that I had info more than a year ago that [illegible] had [illegible] was willing (locally) to have info on its involvement in the J.F.K. assassination. But, remember, I never [illegible] only, he did not demand to [illegible] type it, [illegible] not speak to anybody but me. That is why I wrote him.

Sincerely,
